EXPERIENCE

ZEN WEBNET | INTERN

May 2024 – Aug 2024 | Remote

- A digital marketing agency offering web design, development, and digital marketing services (SEO and SMM). Established in 2017, focused on delivering cost-effective, high-quality solutions to improve online traffic, conversions, and client engagement for businesses worldwide.
- Contributed to Zen Webnet's digital services team, helping to increase client lead generation by 30% through optimized web design and marketing strategies.
- Collaborated with team members on various projects to enhance overall workflow and efficiency.

PROJECTS

SKILL DEVELOPMENT PLATFORM

Jan 2024 – Mar 2024 | Raichur, KA

- Created a platform enabling students to gain practical experience through real-world micro-tasks, supporting thousands of users.
- Engineered features for enrolling in challenges, submitting solutions, and tracking progress, capable of handling thousands of submissions.
- Constructed an admin panel to efficiently manage micro-tasks and user queries, ensuring smooth operations for users and administrators.
- Conducted user testing to gather feedback, improving the user experience and interface design.

STOCK TRADING TOURNAMENTS PLATFORM

Oct 2023 – Jan 2024 | Raichur, KA

- Developed a web app for stock trading tournaments where users compete to top the leaderboard and win funding.
- Implemented key components, including enrollment, leaderboards, user guides, login/sign-up, and landing pages, designed to handle thousands of users and daily transactions.
- Utilized Firebase for real-time data management and secure authentication, managing over 100 concurrent users with instant updates on leaderboard rankings.
- Crafted a responsive user interface, optimizing engagement and user retention across devices.

CHROME EXTENSION

Aug 2024 | Raichur, KA

- Created a Chrome extension that opens a random trivia question with four multiple-choice options whenever users open a new tab.
- Leveraged the Open Trivia Database API to deliver engaging and interactive learning experiences, offering over 1,000 trivia questions across various categories.
